2006 Calendar of classes

In 2006 the classes are divided into seasonal groups, with two week breaks between each group. All sessions are 6 weeks in length; however when a major holiday falls in the middle of the session the session is extended so that participants receive 6 lessons. Please make note of all start and end dates. **Registration due dates are the Monday two weeks before each session begins. Once registered, you must indicate your intention to continue to the next session in writing by the registration due date! Instructors will have these forms at class.**

Parents and Riders: the following is the schedule for classes for Fall 2006. Classes on Wed or Thursday at 5:30pm are associated with the AN 351 lecture class and will have CSU student volunteers. All sessions last 6 weeks (the late fall classes have Thanksgiving off), and are 60 minutes in length. Please circle your first choice of day or time. We will do our best to try to accommodate you, but we do have riders waiting for classes and they have priority in scheduling. Questions? Call Sherry's cell 689-6717
